

# Human Egocentric Pre-training

- 22,889 h** human videos
- In-the-wild** daily interactions
- diverse** language grounding

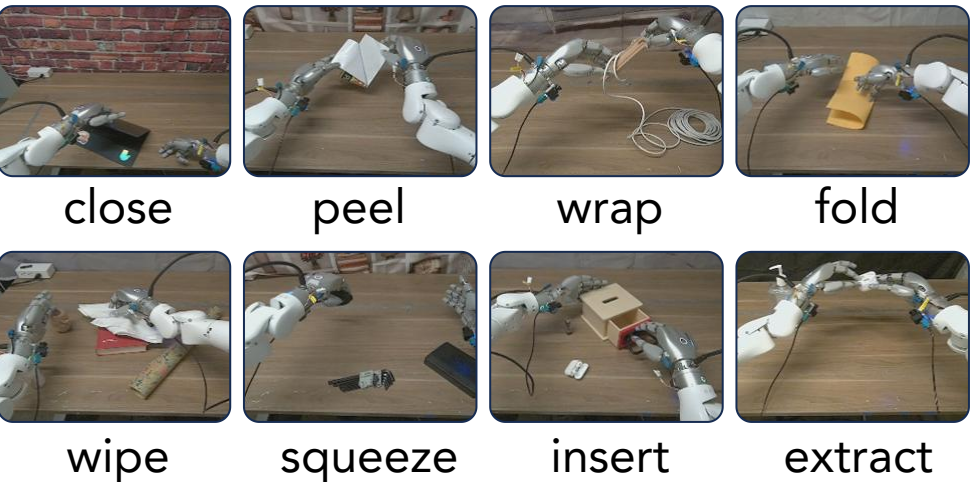

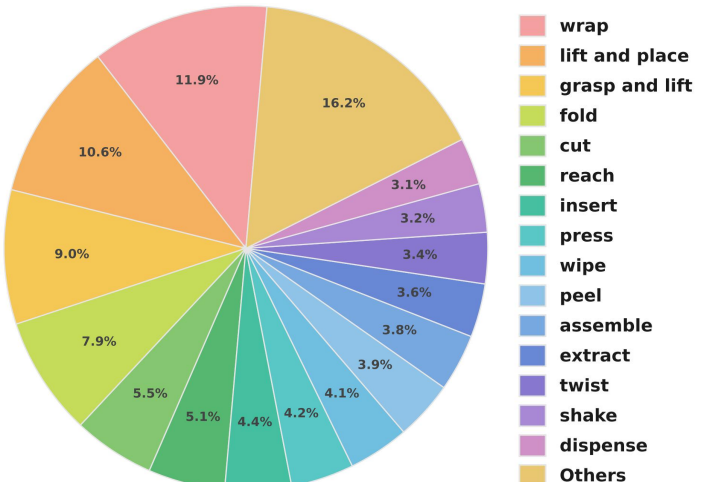

# T-Rex Model

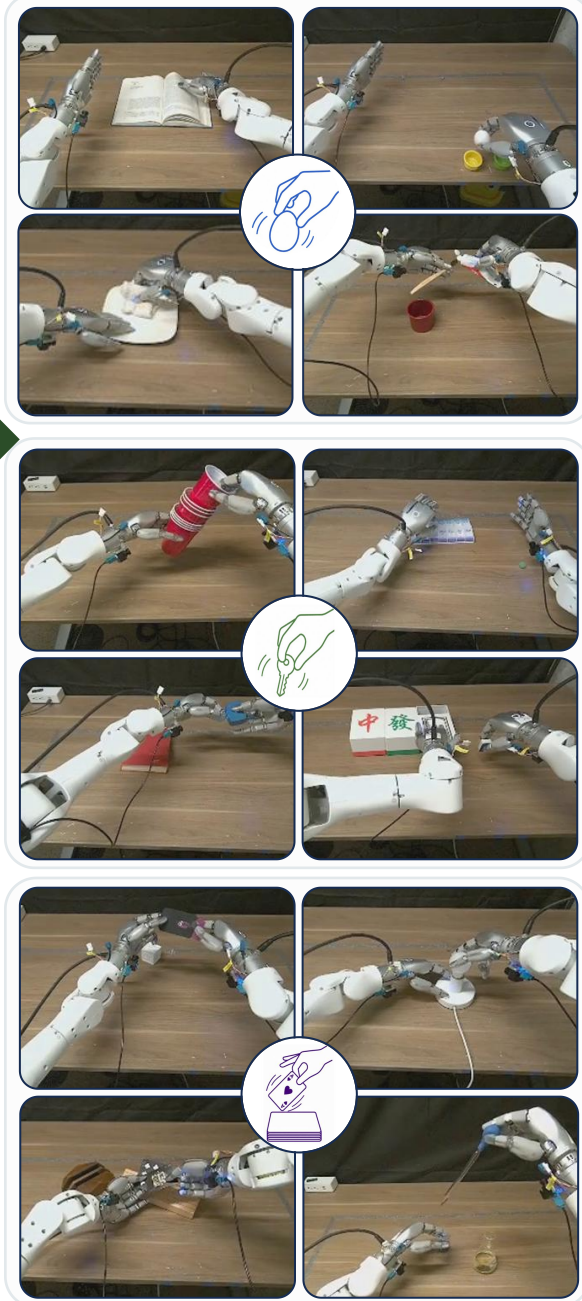

# T-Rex Dataset

- 100 h** teleoperation data
- 7700+** trajectories
- 22** motor primitives
- 200+** diverse objects

# Post-training Tasks

- ## Contact-rich Skills
- tactile-reactive manipulation
  - zero-shot & data efficient
  - natural language following
